Neighborhood Update

Work 7 Days a Week for Southbound Battery Tunnel Excavation

November 12, 2010

Dear Riley Neighborhood Residents,

Through the end of this year, crews will work seven days a week to complete the excavation for the southbound battery tunnel and install the necessary wall supports. **The new weekend schedule, beginning Saturday, November 13, will be from 7 am to 7 pm**, excluding Christmas Day and Thanksgiving.

The weekend work will be staged primarily at the west end of the project area near the National Cemetery in order to reduce impacts to the Riley neighborhood. Tunnel excavation is expected to be complete by the beginning of the new year.

As work progresses, we will provide updates about the schedule and project progress.

Please contact us if you have questions.
